## EDUCATION AND QUALIFICATIONS

### SWIFT 4 – IOS 11 COURSE

Oct 2018 – Feb 2019

#### ANGELA YU – INSTRUCTOR ON UDEMY

4 months at Udemy, I have learned about iOS app development. I have built 20+ apps including cloud database, real time using API and REST, machine learning using CoreML, augmented reality using ARKit. To see more detail about them, please visit my portfolio at [ngvantai.com](http://ngvantai.com).

### SOFTWARE ENGINEERING DEGREE

Aug 2014 – Dec 2018

#### CAN THO UNIVERSITY (CTU)

I have learned basic knowledge about web design in CTU. I am very experienced in web designing, such as HTML, CSS, Javascript, JQuery, PHP and Laravel Framework. I also learned about C/C++/C# and Java OOP.

## PROJECTS

### 10+ IOS 11 APPS SWIFT 4

Oct 2018 – Feb 2019

#### ANGELA YU – INSTRUCTOR ON UDEMY

I have 4 months to learn and practice Swift. I made 10+ iOS 11 apps from simple to complex. I have learned about interface builder, auto layout, MVC pattern, Pods, REST, Firebase, Core data, Realm, CoreML and ARKit. I fell in love with Swift from the first day I learned.

### ITAMLOAN ECOMMERCE WEBSITE

Aug 2018 – Dec 2018

#### MS. VO HUYNH TRAM – TEACHER AT CTU

This is my thesis. I design an ecommerce website to sell Apple products that has basic functionality for an ecommerce website including online checkout and statistic using Laravel. I have more experience about MVC, OOP and external plugin of Laravel.

### CAN THO TRAVEL WEBSITE

Dec 2017 – Feb 2018

#### MR. VIEN TUAN THANH - MIEN TAY 24H COMPANY LIMITED

I work with 2 teammates. We design a website to help visitors find some famous places in Can Tho city according to their location. I work in some module, such as: detail place, suggest other places, place management and statistics using Laravel Framework.

### HTN BABY LOVE WEBSITE

Dec 2017 – Feb 2018

#### HOANG THUY NGUYEN IMPORT AND EXPORT JOINT STOCK COMPANY

I work with 4 teammates. We design an ecommerce website to sell company's products online. I am responsible for requirements analysis, designing, coding and testing website module using HTML, CSS, JavaScript, PHP and Laravel Framework.

### FUTURE COFFEE SHOP WEBSITE

Nov 2017 – Dec 2017

#### MS. NGUYEN THI THU AN – TEACHER AT CTU

I work with 3 teammates. We design a website for a small project. Our website has main function that can sell drinks and provide some other function, such as: table booking, using services. My responsible is designing table booking module using HTML, CSS and JavaScript.

### GAMING NEWS WEBSITE

Oct 2016 – Dec 2016

#### PALADINS VIET NAM TEAM

I discovered a group on Facebook. Members wrote tutorial, explain articles. I gathered everyone and designed a gaming news website about Paladins game. I use WordPress for our website. I learned more about WordPress and something about HTML and CSS.

### KARAOKE VIDEO SHARING WEBSITE

Feb 2016 – May 2016

#### MYSELF

I work alone for my project. I plan, design and launch my website: [vpopkaraoke.com](http://vpopkaraoke.com) with WordPress. I learnt the structure of WordPress, how to edit the theme, plugin, how to launch and SEO a website on Google search tool.
